

INDIACom - 2019

(IEEE Conference ID: 46181 and SCOPUS Indexed)
13th INDIACom; 2019 06th International Conference
On

Computing For Sustainable Global Development
(13th – 15th March, 2019)

Technically Approved and Sponsored by IEEE Delhi Section

Accepted Papers, after presentation, will be submitted to IEEE Xplore for Publication

Supported and Promoted by

16th February, 2019

Conference Website: <http://bvicam.ac.in/indiacom/>

Important Notice for Authors of INDIACom – 2019 for Proof Reading

Subject: Notice for authors for **Online Proof Reading** of the Camera Ready Copy (CRC) of the paper latest by **28th February, 2019**, before its inclusion in the Proceedings.

Dear Author(s),

Thank you for having your interest in INDIACom-2019.

You will be glad to note that, in order to be doubly sure of the correctness of the CRC of the paper being included in the Proceedings and make the Proceedings Error Free, INDIACom-2019 has started **Online Proof Reading Zone**. Under this, the author can view the draft copy of the final version of the paper i.e. CRC, after required type-setting and formatting. The author can Proof Read it for ensuring its correction and report errors/corrections, if any to the concerned Track Incharge, by uploading the required corrections on the portal itself. The concerned Track Incharge shall undertake the corrections in the CRC and the same shall again be uploaded for its re-Proof Reading by the authors. Once, any of the authors, preferably the corresponding author, confirms the correctness of the CRC of the paper by Checking the **“Authentication Check-box”**, the CRC of the paper shall finally be sent for its inclusion in the Proceedings and then after no request, by the authors, for corrections, whatsoever, shall be entertained.

It is, therefore, requested to **kindly go through the CRC and report the errors/corrections, if any, latest by 28th February, 2019**. Please note that if no correction is received upto 28th February, 2019, **it will be presumed that the CRC is correct in all respect and no**

subsequent request for corrections, whatsoever, shall be entertained. The process of Proof Reading and reporting corrections is detailed hereunder:-

How to Proof Read my paper and Report Corrections?

1. Login at INDIACom-2019 portal with your registered Member ID and Password.
2. In your Member Area, select **Option No. 08** i.e. **“Proof Read Zone”**. It will redirect you to the login page, where you need to login again with your Member ID and Password, registered with us.
3. After Step 2, you will find the list of all your accepted papers. Please select any one of them, which you want to Proof Read.
4. Beware! Please read all the notifications carefully before proceeding further. You can view the CRC of your paper inside the browser or may download by clicking on **Download the Paper**. **Please do not check the “Authentication Check-box”, till you are not satisfied with the CRC of your paper.**
5. If you find any correction in the CRC of your paper, the same can be reported to the Track Incharge, by either of the following 02 ways (5.a or 5.b):
 - a. You may download the PDF of the CRC of your paper, highlight the corrections in the PDF of the CRC itself with Adobe Professional version and upload the highlighted version of the PDF at the same place on the portal itself. Track Incharge will get the Notification of the uploading, who will incorporate the required corrections in the Open File and upload the PDF of the corrected version of the CRC at the same place on the portal. The step can be repeated for re-Proof Reading.
 - b. You may download the PDF of the CRC of your paper and take its print out. On the printed copy, highlight the corrections, scan the pages in one file and then upload the same, at the same place on the portal itself. Track Incharge will get the Notification of the uploading, who will incorporate the required corrections in the Open File and upload the PDF of the corrected version of the CRC at the same place on the portal. The step can be repeated for re-Proof Reading.
6. **For uploading of your paper, please click on the Browse Button, Browse for the Scanned File or Highlighted version of your paper in your system and click on UPLOAD FILE.** The paper will get uploaded.
7. Please note that during the process of corrections being incorporated in the CRC of your paper by the concerned Track Incharge, you can view your older version of the CRC but cannot upload any subsequent corrections, unless the Track Incharge uploads the corrected copy of the CRC of your paper.
8. After the corrected copy of the CRC of your paper is uploaded at the portal by the respective Track Incharge, you will get a notification by SMS and E-Mail, as well.

Authors are requested to kindly avail the Proof Reading facility to correct the paper and ensure the Error Free Proceedings.

Look forward to the pleasure of meeting and interacting with you during INDIACom – 2019, in New Delhi, the national capital of the country.

Thanking you with best regards,

-

(Prof. M. N. Hoda)
